IF all your eggs are in one basket you want that basket watched with an eagle eye—

A very large estate might get a board of directors of its own who would meet every week, as our Committee on Trust Estates does, and bring trained business judgment to the scrutiny of every detail of its management.

A very large estate might, but the practical impossibility of getting such supervision even for a large estate is the reason why many Boone County people are leaving the care of their estates to the Trust Department of our Bank.

Let us Explain our Unexcelled facilities for handling your estate. The cost of trusteeship under will is fixed by statute, being the same whether you appoint an individual or a National Bank.

We are authorized to act as Trustee, Executor, Co-Executor and Co-Trustee.
